

SECURITY AND EVACUATION SOUND SYSTEM

Electronic equipments

Central CS 2600 :

- > 1 alarm zone
- > Up to 120 comfort zones
- > Customisable message
- > Comfort and security matrixing management
- > 1 ZA microphone et 2 consoles buses

Modules CS 2003 :

- > 3 amplifiers
- > 3 lines
- > Monitoring
- > Automatical standby amp switching

Amplifier racks AD 8000 :

- > 2 U standalone rack
- > Up to 8 channels
- > From 60W to 2400W
- > Low power consumption

Secured power supply EAE :

- > 24V
- > From 25Ah to 225Ah capacity

Peripherals GX 3016

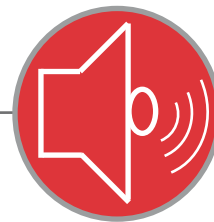

B3S - the solution to your issues related to the building evacuation :

- > High modularity: from 3 to 120 lines
- > Minimum space : 2400 W in 2U
- > Optimized and controlled energy : 66% reduction
- > Integrated sound comfort
- > Safety sound system : AFNOR* certified

* Fonctionnalités, Performances, Environmental resistance, Manufacturing process, Production tool approved.
